

## Bella - Cabinet Pull Handles

- Full hardware suite available
- Designed & manufactured in New Zealand
- Solid brass construction

| Code | Centres       | Width | Pillar | Projection |
|------|---------------|-------|--------|------------|
| 5266 | 192, 224, 320 | 16    | 31     | 37.5       |

**Note** if larger pulls or centers are required for cabinet pulls, our standard pull handle ranges can be back fixed as an alternative.

### Ordering

Specify cabinet pull handle **Centres** at time of ordering. i.e **5266 - 320** (for 320mm pull handle centres)  
Please advise thickness of door at time of order

### Mounting Information

Cabinet pulls handles are back fixed with M5 threaded Pan Head Screws

### Finishes

Available in an extensive range of finishes, visit the **Finishes** section for more information.

Chant products are hand finished so minor size and finish variations can occur.
