

## Line - Cabinet Pull Handles

- Full hardware suite available
- Designed & manufactured in New Zealand
- Solid brass construction

Code	Centres	Width	Pillar	Projection
684	192, 224, 320	16	16	37.5

**Note** if larger pulls or centers are required for cabinet pulls, our standard pull handle ranges can be back fixed as an alternative.

## Ordering

Specify cabinet pull handle **Centres** at time of ordering. i.e **684 - 320** (for 320mm pull handle centres)  
Please advise thickness of door at time of order

## Mounting Information

Cabinet pulls handles are back fixed with M5 threaded Pan Head Screws

## Finishes

Available in an extensive range of finishes, visit the **Finishes** section for more information.

Chant products are hand finished so minor size and finish variations can occur.
