

## Line 2 - Cabinet Pull Handles

- Full hardware suite available
- Designed & manufactured in New Zealand
- Solid brass construction

Code	Centres	Width	Pillar	Projection
5007	192, 224, 320	12.5	31	37.5

**Note** if larger pulls or centers are required for cabinet pulls, our standard pull handle ranges can be back fixed as an alternative.

## Ordering

Specify cabinet pull handle **Centres** at time of ordering. i.e 5007 - 320 (for 320mm pull handle centres)  
Please advise thickness of door at time of order

## Mounting Information

Cabinet pulls handles are back fixed with M5 threaded Pan Head Screws

## Finishes

Available in an extensive range of finishes, visit the **Finishes** section for more information.

Chant products are hand finished so minor size and finish variations can occur.
