

USA Escutcheon Series - Square

Products that have the suffix (-2) are available with no edge detail (A1). They are also available with matching lever plate 'Standard Edge Detail' or any of the 'Variable Edge Detail' options. Edge details other than A1 will incur surcharges. An edge detail code must always be specified at the time of order.

Please refer to escutcheon technical page for more information on product dimensions and spindle types.

USA Escutcheons have a SUFFIX Number -1, -2, -3 to specify cylinder type. This suffix needs to be added to the escutcheon code number required.

- 1 1 ¼" Ø Cylinders
- 2 1 ⅝" Ø Cylinders
- 3 1 ⅝" Ø Cylinders - Bevelled face

CAUTION: Line 3 & 5 are recommended with -1 only.

(-1/-2)

length 1/8 (4)

A

A (-1) -1 ¼" Ø (32mm)
(-2) -1 ⅝" Ø (35mm)

(-3)

length 1/16 (1.6)

1 3/8
