

Lever Plates with Standard Edge Profile & Detail

- Refer to the individual plate options for minimum plate width and profile and edge detail compatibility.

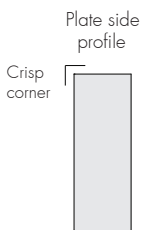

To order:

- Step 1: Specify the outside edge profile, this determines the outside shape of the plate you require, P1, P2, P3, P4 and P5.
(Note: Regent D1 is applied to the P1 profile only)

- Step 2: Specify the edge detail, A, B, C, D and E.
Ordering example: P1-A.

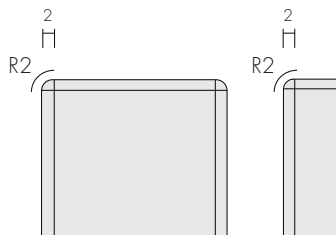

A - Square edge

(min. plate width is 32mm)

P1 / P2 / P3 / P4 / P5

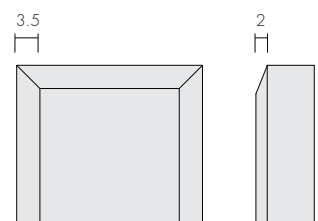

B - Line - 2mm edge / corner rad.

(min. plate width is 32mm)

P1 / P2 / P3 / P4

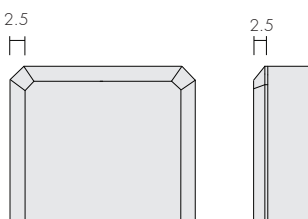

C - Face chamfer

(min. plate width is 38mm)

P1 / P2 / P3 / P4 / P5

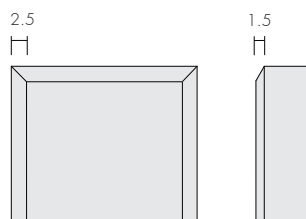

D - Regent edge

(min. plate width is 32mm)

Compatible with P1 only.

E - Edge bevel

(min. plate width is 32mm)

P1 / P2 / P3 / P4
