

Lever Plates with Variable Edge Detail (VED)

(Surcharges apply to these options)

- Refer to the individual 'VED' plate options for the minimum plate width and profile and edge detail compatibility.
- VED option 'V5' is limited to brass and bronze finishes only.

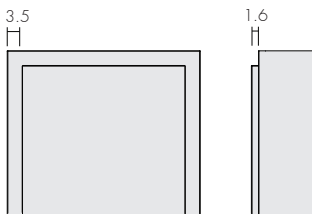

To order:

- Step 1: Specify the outside profile, this determines the outside shape of the plate you require. Check the compatibility of the profile to your preferred variable edge detail, P1, P2, P3 and P4 to the 'VED' options below.

- Step 2: Specify the Variable Edge Detail, ie V3
The complete order code becomes P1-V3 for example
