

Lever Plates with Variable Edge Detail (VED)

- Refer to the individual 'VED' plate options for the minimum plate width and profile and edge detail compatibility.
- VED option 'V5' is limited to brass and bronze finishes only.

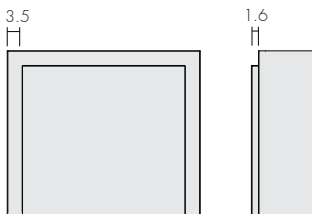

To order:

- Step 1: Specify the outside profile, this determines the outside shape of the plate you require. Check the compatibility of the profile to your preferred variable edge detail, P1, P2, P2-A, P3, P4 and P5 to the 'VED' options below.

- Step 2: Specify the Variable Edge Detail, ie V3
The complete order code becomes P1-V3 for example

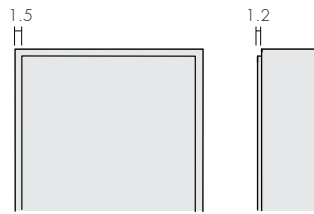

V1

(min. plate width is 38mm)

P1/ P2/ P3/ P4

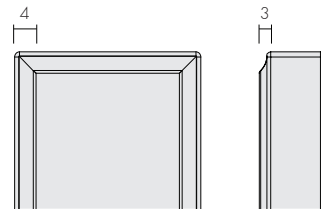

V2

(min. plate width is 38mm)

P1/ P2/ P3

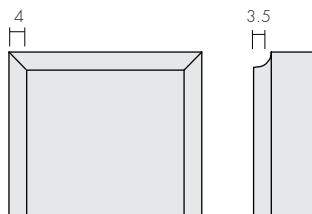

V3

(min. plate width is 38mm)

P1/ P2/ P3/ P4

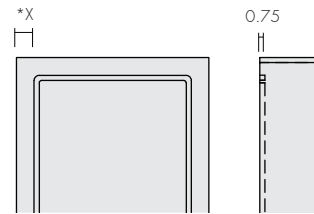

V4

(min. plate width is 38mm)

P1/ P2/ P3/ P4

V5

(min. plate width is 44mm)

P1/ P2/ P3/ P4

* 'X' is determined by the plate size.
Groove is 1mm wide.

- Suitable for brass and bronze finishes only.
