

Mortise Locks

Mortise lock products have been designed for all door types including narrow stile and allow for a consistent back plate length across the various functions of a project.

Designed and manufactured in New Zealand from 316 grade stainless steel and brass for corrosion resistance.

- Reversible latch bolt for LH or RH hung doors
- 72mm centers (Pitch)
- Single turn, 15mm bolt throw
- Minimal lever handle rotation of 40°
- 8mm square spindle hub

Heavy Duty (HD)

When these locks are to be used with unsprung lever handles.

Privacy Turn Function (P)

These have an 8mm square hub fitted in place of a profile cylinder.

Strikes Options

All strikes include strike dust boxes

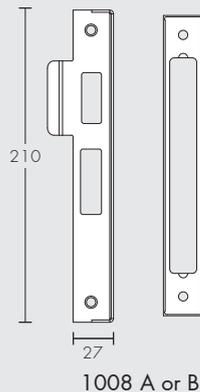

Strikes are handed to allow the lip to wrap around the edge of the jamb.

Standard strikes measure 20mm from the lock centre-line to the bend of the 10mm lip.

Standard Strike

Rebated Strike Kit Includes Lock Packer

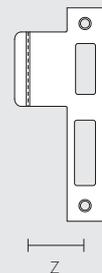

Extended Strikes

Extended strikes go beyond the standard length.

Z measurement available in 25, 30mm
Custom sizes are available on request (surcharge applies)
