

Swim Pull Handles

*Shown in SCPV

Code	Handle Length (L)	Fixing Centres (C)	Projection (P)	(Y)	(Z)
PM09	1000	600	80	40	150
PM10	600	350	70	25	100
PM11	410	250	65	20	60
PM12	270	150	60	0	45
PM13	170	100	55	0	20

Swim Pull Handles are handed. Please provide this information at the time of order to ensure the internal fixing socket screws on the internal handle are to the inside of the door.

- For pairs of handles specify handing (LH or RH) as viewed from the external (or perceived external) side of the door.
- Singles should be handed as viewed.

Specify mounting option when ordering.

These are suitable for standard and glass doors.

- Allow 12mm hole diameter for glass door installation.

The offset of the fixing holes for these handles provides for a balanced vertical visual alignment, particularly when they are mounted on pairs on double doors.

Products are available in an extensive range of finishes, see the finishes section for details.
