

Chant Door Handing & Strike Information

Pairs of door handles are always handed as viewed from the 'external' or perceived 'external' side of the door as is the case in a hallway installation. Single handles should be viewed from the side of the door they are installed on.

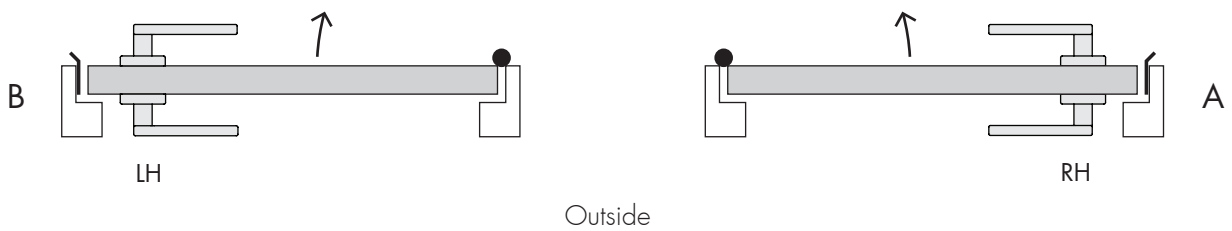

A and B references in the following door configurations relate to the Chant strike handing required. Refer to the specific product pages for the individual product codes.

Single Doors

Doors that open OUT

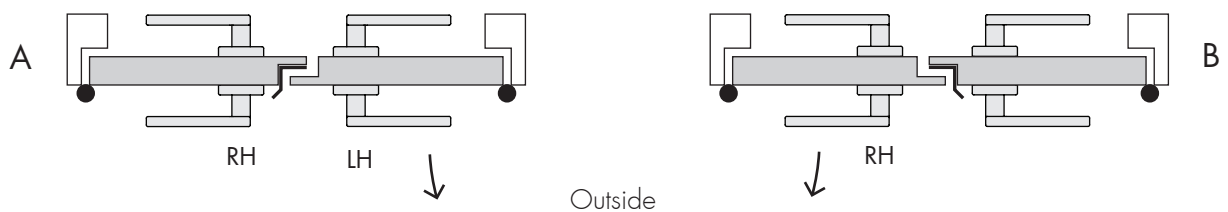

Doors that open IN

Double Doors (French)

Doors that open OUT
